Updating your member profile to appear in the public directory (http://www.neuromodulation.com/public-directory)?

Here are recommendations for best appearance:

- 1) Please use upper- and lowercase punctuation rather than all capital letters.
- 2) In the "Specialty" field, capitalize the first letter of each word, as in a headline.
- 3) Please pay special attention to the field on the form for "credentials or degrees" after seeing the guidance that follows.

In the public directory, the following fields will display in the following order:

Name Prefix, First Name, Surname, Credentials or Degrees

Job Title

Institution Name or Company

Affiliation

Department / Mail Stop

Mailing Address 1 Specialty

Address 2

Address 3

City State

Country

Postal Code

Using different information for "Name Prefix", "Credentials or Degrees" and "Job Title" reduces redundancy. If you leave a field blank that does not apply to you, it will not show.

Examples:

Ms. Janet Black neurological surgeon

Consultant

Medical Center

Clinical Research Laboratory

Dept. of ZZZ

123 Street Neurosurgery

City

United Kingdom Postal Code Dr. Reid Brown MD, PhD

Associate Professor of Medicine

University
